

2017 Super Diggg
Saturday April 29th

Super Diggg™

TripMaster Letter #3

3 March 2017

Pre-Registration info --

Because of the Premium sessions this year, our registration procedure had to change a bit. Here is some info that may help you with registration, and to answer some questions.

1) We have received questions about how families can stay together in the same Premium group, especially those with kids.

Register the primary adult first, to lock in your sequence number. Then register the kids and family. A text box has been added at the bottom of the registration: "Special message to staff" -- use this box to indicate who you want that registration to be grouped with (ie: the adult who registered first). We will manually adjust the section assignments in this regard.

2) Is the "Mill Site area" referred to in your e-mail the historic Mill Site area referred to in Franklin memorabilia or are you referring to the rock adjacent to the Buckwheat Pit on the other side of the road opposite the Franklin Mineral Museum or some other area?

The reference to the "Mill Site area" is to the area on the other side of the road opposite the Franklin Mineral Museum.

To give everyone an 'equal opportunity' to register early, we are not opening the registration until the weekend. It will be accessible beginning Friday night at midnight ... at 00:01 Eastern Time on Saturday, or as close as the webmaster's clock is to that real time!

The format of the registration is very similar to previous years, except for the optional selection of Premium access; just follow the form and answer all the questions.

Fees can be paid with credit card or PayPal account; you should receive a receipt from PayPal when the transaction is complete.

Please refer to TripMaster Letter #2 for more details about registration.
(All TripMaster Letters are posted in PDF format on the Trip Info page of our website at <http://SuperDiggg.com>)

A word from our webmaster: The link to the registration server will be <http://WhosComing.com/uvworld/>

Until registration begins, it will say "Registration is now closed for this event."

The WhosComing link will be activated first, then changes will be made to the website page to display the registration link. This will take at least a few minutes, so if you are gaming for earliest registration, use the link above!

There will be several more TripMaster Letters before the weekend of the Diggg, to inform you of all the details. (Some details and features have not even been worked out yet...)

The FAQ Frequently Asked Questions document has been updated and will be available soon (it is being reviewed by the staff at this time). Any unanswered questions should be directed to TripMaster@SuperDiggg.com
