

Super Diggg™

TripMaster Letter #9

April 23, 2017

Registration will close at 01:00 Tuesday (midnight, Monday night). After that, you will have to register on-site Saturday morning (Buckwheat area only) for \$30 CASH.

We will try to have a 'blackout' tent in the Premium area so you can check out your finds; but it would not be a bad idea to bring along your own black tarp and UV light anyway.

There have been many new email addresses added to our list (we manually add all new registrations that were not already there) recently... for those of you, please visit our website at <http://SuperDiggg.com> and use the TRIP INFO tab at the top -- then read the previous nine TripMaster Letters so that you have all the background info you need.

We have been getting some questions that others might also have, but haven't asked. So we will send this out hoping to clarify things for all of you.

Q: I wear glasses with polycarbonate lenses. They don't have side protection, however. Are they acceptable or would I need something to go over them?

A: No. You really need full eye protection. We will have safety glasses at the Museum for \$4.00 per pair, which is our cost. Small cost for good insurance!

SAFETY GLASSES are MANDATORY in all COLLECTING AREAS.
Regular glasses, sun glasses or other regular eyewear are NOT OK.

If you normally wear eye glasses, you must have a pair of "wrap arounds" to go over your regular glasses, per EFMLS Safety Rules.

Needless to say, any area where rocks can fall on your head (no matter how hard it is!) requires vigilance and good safety practices. Please make a point to review the five 'tabs' at the left of <http://www.amfed.org/safetytips.htm>

EVERY person entering the site must sign in at the Registration Area and receive a wrist bracelet. The online preregistration is for "head count" and to reduce the time it takes to sign in and register on site.

For safety and liability reasons it is required that everyone be signed in when they enter the site.

Frequently Asked Questions: we now have a FAQ with the most

common questions and answers to them. You can fetch this from the link <http://faq.superdig.com>
